About Citizens Advice Scotland

The Citizens Advice network in Scotland is the largest independent advice service in the country. Citizens Advice Scotland is a charity within this network – we act as a national organisation supporting and representing the service as a whole and the interests of citizens.

At the heart of the network there are 59 individual citizens advice bureau organisations across Scotland, all operating as independent charities in their own right, and generally focusing on providing support directly to clients. Each of these organisations is a member of Citizens Advice Scotland. Also providing significant added value are the national elements of the service run out of Citizens Advice Scotland, such as the Extra Help Unit.

We believe that every citizen should have access to free, impartial and confidential advice that helps them make informed decisions, whenever they need it and however they choose to access it. Whether that's face-to-face, over the phone or online, people know that wherever they see the familiar blue and yellow of our brand, they are guaranteed the same high quality of free, impartial and confidential advice.
